CHABOP Day Spring 2018

The various pupil leaders joined together to organise CHABOP day, a day dedicated to celebrating and rewarding pupils who have achieved high merits and demonstrated good behaviour throughout the term.

The presidents/vice presidents, charity committee and business committee designed an Easter themed fun filled day, which entailed various challenges involving Easter eggs.

The pupils showed their enthusiasm as the day began with an Easter Egg hunt; staff and pupils read clues in order to find an Easter egg. As the clock ticked away, pupils retrieved their tickets in order to cash in and collect their eggs.

Our Easter Bunny joined in the fun and sold raffle tickets in order to raise funds for Cancer research.

The next challenge was the traditional egg and spoon race; the twist was that it was not a real egg, but a chocolate egg. Any pupil who managed to run and keep the egg on the spoon was allowed to eat the egg.

The pupils' energy did not waiver as they prepared for the second challenge: this time, dodge ball heats. The balls were painted as Easter eggs to ensure that the spirit of Easter remained. The teams aimed, fired and dodged!

The last challenge and still no signs of tiredness! Pupils prepared for their final challenge: the egg and spoon relays. Four teams competed at a time, as they weaved between the cones in order to pass their team member an egg, which they hoped would remain on the spoon.

The pupils demonstrated good teamwork, joint thinking and excellent sportsmanship – what an outstanding way to end the term.

£101 was raised and the proceeds of the day went to a good cause: Cancer research.
