## Year 11 Parents' Evening and Careers fair

On Wednesday 18<sup>th</sup> October 2017, the school held its first Year 11 Parents' Evening combined with our annual Careers Fair. Over 15 sixth forms and colleges attended along with some of our ex-pupils who came along to speak to our current parents/pupils about further education transition. There was a constant flow of parents and pupils as they discussed courses, subjects and daily life at college/sixth form in order to gain information in preparation for further education.

It was a successful evening with many parents and pupils feeling confident about the application process for further education. Year 11 pupils felt that they could now make informed choices about which course or subject will suit their academic needs and aspirations.

Pupils and parents shared their thoughts as follows:

### Pupils

*"I thought that the parents' evening was very insightful for me and my parent", Daniel O*

*"It was very informative and useful", Hamza*

*"The careers fair was very helpful", Abdur*

## Parents

*“It was useful to be able to meet colleges and see what is on offer.”*

*“The evening was interactive and informative.”*

*“There was information about specific universities in regards to career pathways.”*
