## The Worshipful Company of Fuellers Installation Ceremony

Platanos College was delighted that our Senior Prefect Team and Army Cadets were invited to represent our school at the Installation Ceremony of the Worshipful Company of Fuellers' new Master, His Royal Highness, Prince Edward, The Earl of Wessex.

We are proud of our partnership with the Fuellers livery company, and equally as proud of our pupils and Army Cadets who continue to be outstanding ambassadors for our school. We very much look forward to continuing the long-standing partnership with the Fuellers, who have supported the school and its pupils through numerous academic and career programmes and initiatives over the years.
