PUPIL CELEBRATION NEWSLETTER

Monday 4th May 2020

Edition 4

Attitude Determines Altitude

WELCOME

Welcome to the fourth edition of the Platanos College pupil celebration newsletter.

We continue to live through extraordinary times and we continue to be proud of all of our staff, pupils and their families for how they have continued to adjust to the major changes imposed on them by fighting the coronavirus pandemic.

Teachers are working tirelessly to set meaningful lessons and work online and we thought it important to celebrate individual pupils who have

shown terrific effort in producing and uploading work onto Show My Homework and the other online platforms being used by the school. This newsletter highlight pupils nominated by the Directors of Learning of subjects as showing extraordinary effort since the school closed.

Kathy Morton

Kathy Morton-Stanton has an extensive background in graphic and fine art. She loves looking at art, creating art and even collecting art! In conclusion, she loves art as a whole.

Kathy would relate to her work as an on-going creative adventure where she is always experimenting and exploring new ways to develop her artwork. For her, it's not just about creating pretty pictures, that is why she tries to put a piece of her soul in every piece.

She believes that the artwork should be able to draw the viewer in and take them on a visual journey. Often she will insert a secret message or/and a symbol in order to leave a positive impact on the viewer. If that is accomplished, then she says that she has succeeded with the masterpiece.
