

Platanos College and The National Portrait Gallery 'Hold Still' Lockdown Photography Exhibition

This exhibition is of photographs entered for the Hold Still National Portrait Gallery Competition and for the Platanos College Anthology Project.

Our pupils have made fantastic contributions to both, documenting life during the Covid-19 pandemic from their own perspectives. Entries have shown to be poignant, thought-provoking, emotional and funny.

We are very proud of the commitment that our pupils have continued to demonstrate outside of the classroom. One hundred shortlisted portraits will feature in the National Portrait Gallery exhibition. We very much hope some of our pupils will be selected.
