

# Apprenticeships

At Virgin Media we have loads of great apprenticeship opportunities that cover all sorts of roles across our business, so whether you want to work on a more technical, engineering or business side of our business there's a scheme for you. Each of our schemes lets you 'learn while you earn' by gaining first-hand experience through exposure to our leading business practices and being paid a decent wage while you're at it!

## How to apply?

Our application process has a few stages. Each step gives us a chance to get to know you better and make sure you're right for the scheme – and, more importantly, to make sure you have all the information you need to decide if we're right for you too!

1. **Application form:** Our simple online application form gives you the chance to tell us a little bit about yourself and the Apprenticeship Scheme that you're interested in.
2. **Situational Judgement Test (SJT):** This may sound daunting but don't worry! This basic test helps us to understand a little more about the work situations you're most suited to, and perhaps those that you may not be.
3. **Telephone Interview:** Let's talk about the role! This step gives us the chance to discuss life at Virgin Media and your suitability for the role. It also gives us the chance to learn a bit more about your aspirations and motivations!
4. **Coaching call:** It's good to talk! This call gives us a chance to have a quick one-on-one chat with you to help you prepare for the final stage so that you can really shine at the Discovery Centre.
5. **Discovery Centre:** The final stage of our recruitment process allows us to get to know you in person and introduce you to our fun company culture – while you meet what could be future friends and colleagues.

## Not sure what Apprenticeship might be right for you?
