PLATANOS COLLEGE SIXTH FORM

April 2024

Welcome to our Sixth Form Newsletter, April 2024. The last two weeks have been a busy time for students, completing work experience and attending workshops linked to potential future careers. We continue to be very proud of all of our students.

MEDICAL WORKSHOP

On Thursday 18th April we were fortunate to have 'Lambeth Together Health Start' visit Platanos College Sixth Form. The team at Health Start held a workshop for our Year 12 students who are interested in pursuing a career in a medical field. Students found the presentation highly engaging and valuable.

'The workshop made me understand how important it is to perfect my personal statement and ensure that my UCAS application is of a high standard' Safia, Year 12 Student

WORK EXPERIENCE

This week we congratulated our students who have already completed their work experience placements. Two students who received exceptional feedback from their employers were Talia and Fahad. Fahad completed his work experience at Kings College Hospital 'Special Care Dentistry' ward. Fahad received complimentary feedback from his employers 'It was a pleasure to have Fahad with us at Kings, we have no doubt he will go on to have a hugely successful career in whatever field he chooses.

Talia undertook her work experience placement at 'Beautiful Books'. She received glowing feedback from her employer 'Talia was hard-working, conscientious and productive during her work placement. She was more than willing to take on tasks and engaged pleasantly with customers. We are very proud of both Fahad and Talia.

STUDENT VOICE

The 'Special Care Dentistry' specialised on helping people with mental and physical disorders. The staff there welcomed me with open arms and were very warm and kind. They gave me a uniform and included me in team building activities, they made me feel like I was part of the team.

Fahad - Year 12 Student

I really enjoyed my work experience placement at 'Beautiful Books'. I ordered books for the store online, I assisted customers and supported with the stock organisation, I found the experience a valuable insight into the world of work.

Talia - Year 12 Student
